## A Project Induction Workshop for Community Stakeholders and Local Authorities in Hajjah Governorate:

Our FSL team conducted an induction workshop about the integrated emergency response project for 17 stakeholders in Khayran Al-Muharraq district together with local authorities of Hajjah Governorate. The workshop clarified all project activities, objectives, targeted groups, criteria of selecting beneficiaries, FMCs' membership, and the importance of women representation so that stakeholders and local authorities can help facilitate the project implementation and provide RDP with the needed support to complete all project activities smoothly.

## Training 20 Enumerators on Beneficiaries' Registration and Verification Processes:

A total number of 20 enumerators of the registration and verification teams had an intensive training workshop on the registration and verification processes of beneficiaries that took place in Khayran Al-Muharraq district, Hajjah Governorate. The major objective of the workshop was to ensure the complete understanding on how to select the most vulnerable households based on the vulnerability selection criteria which are endorsed by FSAC.

## Registering Beneficiaries According to FSAC Livelihood Targeting Criteria:

RDP trained field enumerators began the registration process by getting the initial lists of beneficiaries provided by the Food Management Committees (FMCs). Our registration team visited 22 villages of Gharbi Alkhamysayn sub-district, met the beneficiaries in their homes and registered a number of 558 households. The registration process will be completed by November when registering 100 households of children (6-59 months) with Severe Acute Malnutrition (SAM) cases and 102 other households nominated by the FMCs to reach a total of 750 HH.

## WASH Services in Health Facilities Is a Fundamental Component in Universal Health Coverage (UHC):

Without proper toilets and waste disposal, health facilities can spread diseases instead of preventing them. Therefore, RDP WaSH team continue to assess basic WASH services in health facilities, achieving a total of 124 health facilities in four governorates, 50 in Dhamar, 39 in Amran, 19 in Al Bayda and 16 in Marib Governorates.

## Conducting a WASH Needs Assessment in Al Hazm District of Al Jawf Governorate:

RDP conducted a WASH needs assessment to determine the current situation of WASH sector in Al Hazm district of Al Jawf Governorate and to highlight the WASH gaps as compared to sphere standards.

## Delivering crucial hygiene key messages for 2,232 of population over four governorates:

Our WASH field teams have conducted 124 hygiene awareness sessions to help improve families' health and prevent further diseases outbreaks in 124 health facilities, reaching a total number of 2,232 individuals over four governorates (Marib, Al-Bayda, Amran, Dhamar). They delivered many hygiene messages to raise awareness about the importance of WASH and how to practice it through daily life.
