- Emergency Water Supply.
- Study on the Rehabilitation of Al-Hasha Well.
- Hygiene Awareness – Raising.
- WASH Basic Services in Fara AlUdayn District.
- Rehabilitation of Najid Aljumaiei HC.
- Daily Nutritional Services in Ash Shamayatayn District.
- Third Distribution Cycle of Food Baskets in Ash Shamayatayn District.
- Second PDM Survey in Ash Shamayatayn & Mawiyah Districts.
- Third Distribution Cycle of Food Baskets in Mawiyah District.
- First Distribution Cycle of Food Assistance Vouchers in Shara'b Ar Rawnah District.
- WASH Basic Services in Ash Shamayatayn district.

Crisis Figures:

Population of Yemen: 29.3 million	People in need of WASH assistance: 16 million	People in need of food assistance: 17.8 million	People in need of health care: 16.37 million	IDPs & Returnees: 2.9 million
People in need of humanitarian aid: 22.2 million	People in acute need: 11.3 million	People in need of protection: 12.9 million	Women in need of protection: 6.31 million	

Humanitarian Context

Humanitarian partners are doing everything possible to assist people in need and prepare for all possible scenarios. Over the last several weeks, agencies have procured and pre-positioned additional supplies, aiming to deliver 70,000 rapid response kits mainly to local warehouses in Al Hudaydah Governorate and adjacent districts of neighbouring governorates. Those kits include immediate food rations, hygiene supplies and dignity kits.

Fighting has reportedly de-escalated in Taizz Governorate, except in Maqbanah District where it has continued unabated. However, no improvement in humanitarian access has been noted. A new field hospital funded by Turkey has been inaugurated in At Turbah District in Taizz Governorate. The hospital has a 50-bed capacity, an intensive care unit, two operations rooms and is equipped with x-rays machine and a laboratory. The new hospital is expected to relieve the pressure on the public and private hospitals in Ash Shamayatayn District which is hosting a significant number of IDPs. In Ibb Governorate, IOM provided the medical supplies for 3,000 renal dialysis sessions to Al-Thawrah Hospital to cover the needs of about 180 kidney failure patients for an estimated period of two months.

Displacement from active conflict areas in Hudaydah continues to occur to various locations within the Governorate. During the reporting period, local authorities reported that an estimated 2,587 newly displaced families have fled their homes to Hudaydah City, Bait Al Faqih, Al Hussynyah, At Tuhayat, Ad

Durayhimi, Zabid, Al-Garrahi. However, only 625 households of these were verified. UNHCR distributed NFIs to 2068 IDPs from Midi District hosted in Bani Hassan in Abs District and are planning to provide Rental subsidies to support up to 1,500 IDP households in Hajjah city and 439 IDP families in Al Hudaydah city next week. Also, UNHCR is planning to distribute NFIs to 186 newly displaced families in At Tuhayat District.

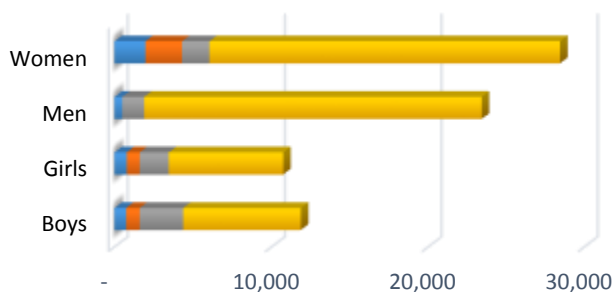

The International Organization for Migration (IOM) reported that on 6 June, 46 migrants (37 men and nine women) drowned when their vessel capsized as it approached the coast of Yemen. Over 100 migrants, reportedly all Ethiopians, were thought to be on the vessel that had left the port of Bossaso in Somalia on 5 June. IOM provided medical assistance, health, food and psychosocial support to the survivors while the ICRC and the Yemen Red Crescent made arrangements for the burial of the deceased.

As of 3 June 2018, a cumulative total of 1,850 suspected diphtheria cases have been reported including 98 associated deaths. The outbreak has affected 202 districts across 20 governorates with Ibb and Sana'a being the most affected. Children under 5 years represent 20 per cent of suspected diphtheria cases and 37 per cent of associated deaths. The most affected age group is 5 to 15 years old, representing 44 per cent of all cases. A diphtheria vaccination campaign was launched in Sa'ada, covering only 34 per cent as too many people refused the vaccinations. Hygiene

Beneficiaries per Cluster

IBB GOVERNORATE

Total beneficiaries reached: **11,776 individual**

DISTRICTS: Fara Al-Udayn - Mudhaikhera - As Sabra

Nutrition:

Daily Nutritional Services in Fara AlUdayn:

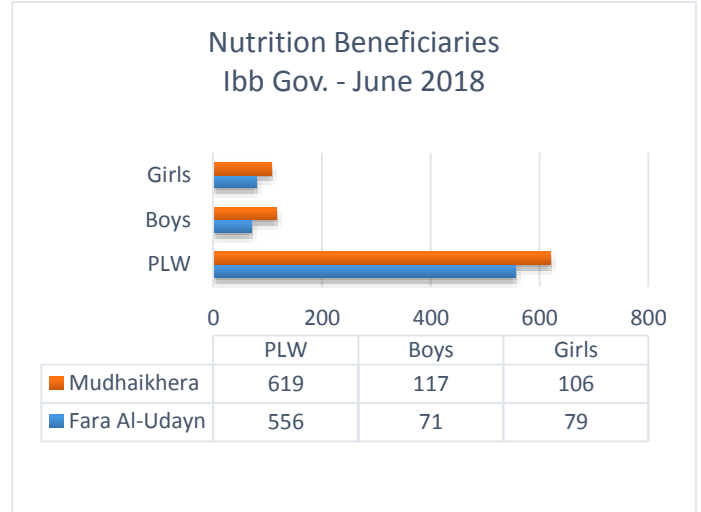

As we have come to the end of the “Integrated Health & Nutrition Project,” our nutritionists in the three targeted health centers (Dhana’a – Musine’ah – Hudhifah) have delivered therapeutic nutritional services for all children under five and pregnant & lactating women, reaching a total number of (706) beneficiaries in Fara Al-Udayn district, Ibb governorate.

Daily Nutritional Services in Mudhiakhera:

Our nutritionists in four targeted health centers (Bani Ali – Halian – Al-Sharqi – Al-Afuash) continue providing therapeutic nutritional services such as Targeted Supplementary Feeding Program (TSFP) for all Children Under five (CU5) and Pregnant & Lactating Women (PLW), reaching a total number of (842) individuals in Mudhiakhera district of Ibb governorate.

CHVs Basic Training in Mudhiakhera:

On June 28th, 2018, our team conducted the CMAM basic training within the activities of the integrated health, nutrition and food security project in Mudhiakhera district of Ibb governorate. This six – day training was targeting 24 community health volunteers in order to start providing door to door nutritional services for people who live in the third catchment areas and cannot make it to the health facilities of the same district.

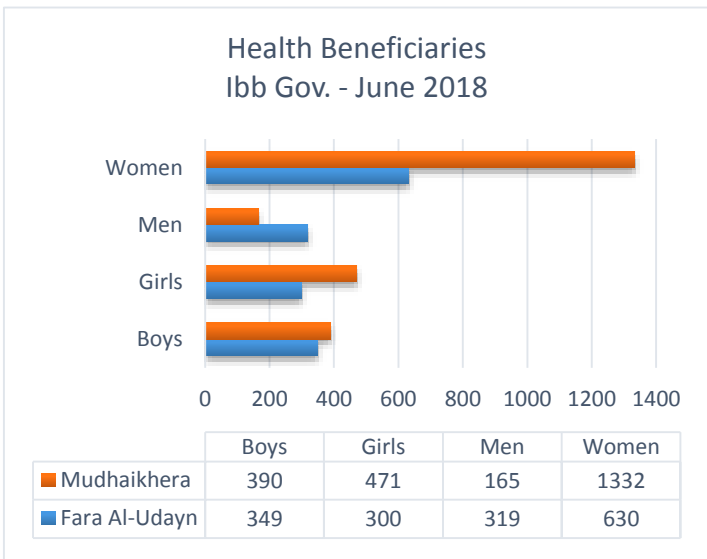

Health:

Daily Health Services in Fara Al Udayn: As we have come to the end of the “Integrated Health & Nutrition Project,” a total number of (1,598) beneficiaries have received free medical services through our three targeted health facilities (Dhana’a – Musine’ah – Hudhifah) which we support to provide assistance for those patients of diverse diseases, children, and pregnant & lactating women in reproductive age, living in Fara Al-Udayn district of Ibb governorate.

Daily Health Services in Mudhiakhera: A total number of (2,358) individuals continue to receive free medical services including Primary Health Care (PHC), Vaccination, Integrated Management Childhood Illnesses (IMCI), Reproductive Health services (RH) through our four targeted health centers (Bani Ali – Halyan – Al-Sharqi – Al-Afuash) which we support to provide assistance for all patients of diverse diseases, children, and Pregnant & Lactating Women (PLW) in reproductive age, living in Mudhiakhera district of Ibb governorate.

UNOCHA & WFP Observation: UNOCHA together with WFP conducted a monitoring visit to evaluate the health and nutrition services provided by our three targeted health centers (Dhana’a – Musine’ah – Hudhifah) in Fara Al-Udayn district of Ibb governorate.

Water, Sanitation and Hygiene (WASH):

Emergency Water Supply: Our field team continues the daily water provision to benefit 840 individuals through 5 installed water tanks in Al-Ahmol area, Fara Al-Udayn district of Ibb governorate.

Study on the Rehabilitation of Al-Hasha Well:

According to the feasibility study that was conducted by a WASH consultant last month, RDP has designed a sustainable WASH intervention that can benefit a large number of people in need by rehabilitating Al-Hasha well, installing a solar pump, and most importantly building a stone water tank on a higher spot as a water distribution tank to four water points in Al-Ahmol area of Fara Al-Udayn district, Ibb governorate.

Hygiene Awareness – Raising: To help improve families' health and prevent further diseases outbreaks, our WASH field team has conducted two WASH awareness sessions for 50 IDPs (men & children) in Al-Ahmol area, delivering many hygiene messages to raise awareness among all IDPs about the importance of WASH and how to achieve it through our daily life.

WASH Basic Services: In Al-Ahmol area, our WASH field team has distributed 1000 Hygiene Kits and 2000 Jerry water cans for IDPs and vulnerable families with malnourished cases either children or Pregnant & Lactating Women (PLW) in Fara Al-Udayn district of Ibb governorate.

Rehabilitation of Najid Aljumaiei HC: As we continue to support the rehabilitation of Najid Aljumaiei health center in As Sabra district, Ibb governorate, our WASH team has finally completed the last remaining

activities such as the brick incinerator, the installation of Aluminum windows and doors ... etc in the old building of Najid Aljumaiei health center.

TAIZZ GOVERNORATE

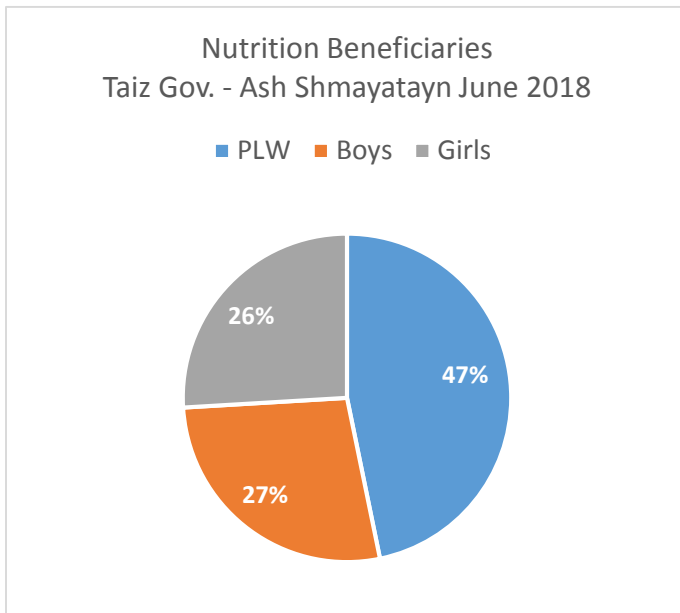

Total beneficiaries reached: **62,669 individual**

DISTRICTS: Ash Shamayatayn - Mawiyah - Shara'b Ar-Rawnah

Nutrition:

Daily Nutritional Services in Ash Shamayatayn:

According to the CMAM program, our targeted health centers (Adeem Hadharim – Maternity & Childhood) continue providing therapeutic nutritional services for all children under five and pregnant & lactating women, reaching a total number of 472 beneficiaries in Ash Shamayatayn district, Taizz governorate.

Water, Sanitation and Hygiene (WASH):

WASH Basic Services: Our WASH field team has distributed 797 Hygiene Kits out of 3000 HKs for most affected families with malnourished cases either children or Pregnant & Lactating Women (PLW) in in Ash Shamayatayn district of Taizz governorate.

Food Security and Livelihoods:

Third Distribution Cycle of Food Baskets in Ash

Shamayatan District: Our FSL team had launched the third distribution cycle of food assistance vouchers, reaching a total number of 3157 HHs, 14,713 individuals disaggregated (4107 women, 3938 men, 3142 girls, 3526 boys) by utilizing the voucher modality for the most affected and vulnerable households in four sub-districts (Asabeh, Adeem, Hadharem, and Alzakeria), Ash Shamayatayn district of Taizz governorate.

Second PDM Survey in Ash Shamayatayn & Mawiyah Districts:

To determine whether the second distribution cycle of food baskets progressed or not, and to measure its effectiveness and impact on the recipient population, our FSL enumerators have conducted the second PDM activity shortly after the implementation of the second distribution cycle of food baskets, taking samples from 10% of the HHs in (Alasabih, Adeem, and Hadharem) sub-districts of Ash Shamayatayn district and (Asrar, Mawmaj, Qamaerah, Ojoh, Amaemah, and Sharqi Sawrak) sub-districts of Mawiyah district, Taizz governorate.

Third Distribution Cycle of Food Baskets in

Mawiyah District: Our FSL field members launched the third distribution cycle of food assistance vouchers, reaching a total number of 3125 HHs, 21875 individuals disaggregated (8750 men, 9100 women, 1969 boys, 2056 girls) by using the voucher modality for the most conflict-affected and vulnerable households in six sub-districts (Asrar, Mawmaj, Qamaerah, Ojoh, Amaemah, and Sharqi Sawrak) of Mawiyah district, Taizz governorate.

First Distribution Cycle of Food Assistance

Vouchers in Shara'b Ar Rawnah: Our FSL team had launched the first distribution cycle of food assistance vouchers, reaching a total number of 3158 HHs, 22,106 beneficiaries disaggregated (8842 men, 9196 women, 1990 boys, 2078 girls) by utilizing the voucher modality for the most affected and vulnerable households in five sub-districts (Sharqi Hamir, Bani Samie'a, Aleawadir, Bani Murir (Qubair), Hasiat Alhaj (Alsharqia)), Shara'b Ar Rawnah district of Taizz governorate.
